Message from the Campus Chief

Dear Students ! Welcome to Chaitanya Multiple Campus !

It is my great pleasure and pride to welcome you to Chaitanya Multiple Campus (CMC), Banepa. This is a community based, non profit oriented campus affiliated to Tribhuvan University. CMC has been providing quality education in higher level as per the need of community at reasonable fee structure since its establishment.

CMC serves the community with commitment of quality education to aspiring students and make them competent to efficient deals with challenges in the life through proper delivery of theoretical and practical knowledge.

We are also aware of changing world; especially rapid change and development in information technology and modern trends in management as well. So, we are going to extend computer science in different wings & levels. We wish parents/guardians, students, well-wishers and friends all the best and express our commitment to move CMC as a viable institution.

Finally, I would like to thank for your interest in CMC and look forward to your support & co-operation. Your creative suggestions and advices for the betterment of campus are always welcome and highly valued.

Introduction

Chaitanya Multiple Campus (CMC) is a community based public campus. It is located at prime location of Banepa Valley. It was established in 15th Mangshir 2048 B.S. (1st December 1991 A.D.) under the affiliation of Tribhuvan University (T.U.) with sincere effort of the educationists and social workers of Banepa. It has started M.Ed. in EPM, Maths, English & Nepali since 2062 Poush, as the first master's degree campus in Kavre district. It has more than three decades long history and this institution has proved itself as one of the well established academic centers with national recognition.

Mission

The mission of Chaitanya Multiple Campus is to provide an excellent and affordable education for a diverse community of learners by offering undergraduate and graduate programs within a stimulating learning environment that will enhance their potential for success in society of the 21st century.

Vision

Chaitanya Multiple Campus aspires to be recognized as one of the excellent learning centers in Central Region (Bagamati Province) in Nepal, noted for its commitment to excellence in teaching and learning (undergraduate, graduate) programs.

Objectives

The main objectives of this campus are:

- ☞ To produce efficient & competent human resource in the field of Education and Management.
- ☞ To produce qualified students for higher education in the field of Education & Management.
- ☞ To develop the campus as a center of academic excellency.

Freeship

CMC has provision of scholarship/freeship for needy and meritorious students. Students can contact the administration for details. Students who do not admit in time & do not pass the internal tests may not be provided scholarship.

Extra Curricular Activities

CMC conducts various extra-curricular activities based on students' individual interests and their capacities for their mental and physical development.

Library

CMC library is for efficient information and data from different e-journals, references, encyclopedia and variety of sources. CMC has managed unlimited Internet access in library, which makes our students possible to connect with changing world.

Academic Schedule

1. Yearly program starts at Shrawan and ends within Ashad.
2. Working days for each program are approximately 215 days.
3. To ensure better performance for each and every student, the campus conducts various tests like home assignment, class tests, model question practice, terminal test, pre-board exam etc.
4. To ensure practical confidence and to be familiar with real situation of teaching & learning, all the students from education faculty must complete the practicum (teaching practice) in the recognized schools recommended by the campus. But to be eligible to participate in teaching practice, the students from M.Ed. have to pass all prescribed subjects whereas the students from 4 years B.Ed. should pass Methods of Teaching (Specialization 390 / 391) in the 2nd year.

Our Values

We are always guided and inspired by some fundamental values to strive for excellence in everything we do. Some of them are;

Integrity:

We foster a high level of integrity among our students, faculty and staff through our policies, teaching & counseling.

Excellence:

We strive for excellence in everything we do by setting high standards for our programmes, students, faculty, staff and ourselves as an organization.

Respect for individual and intellectual differences:

We admire individual and intellectual differences among our students, faculty and staff. We respect ourselves and other and honor each person in our community as an individual.

Diversity and Inclusiveness:

We include and treat all kinds of diversities as a source of learning. We attempt to create an environment where the values of diversity are understood, nurtured, and rejoiced.

Global Perspectives:

We encourage our college community to understand and develop a global perspective of education and management & act accordingly by staying connected with the world at large.

Computer Lab

Chaitanya Multiple Campus invests substantively in computer equipments and software to ensure that our students will have ever-ready access to update them with modern technology. It has well set-up computer lab with sufficient computers tutored by professional computer teachers. All the students from all the faculties in the campus will be trained with basic package and programme to enable them use the technology of the 21st century and also to fulfill the basic needs of the students charging them with nominal fee.

Attendance:

CMC expects maximum attendance of the students at all level.

Assignment/Internal tests:

CMC believes continuous evaluation which sharpens students and proceed the essential feedback to expected change. So, all the students need to attend the internal tests and submit their assignments on time.

Books:

Level-wise prescribed text books including reference books are available in the library. But students are supposed to buy their own text books for their better study.

Discipline:

CMC believes that the student are leaders and creators of the golden future and the society has very high expectations from the new generation.

Therefore, high level of moral, ethical standard and complete discipline are expected from the students.

Uniform:

All the students are required to be in campus uniform to enter the campus premises.

The students should abide all the rules and regulations. All the students must bear their identity card to enter the campus premises.

The campus expects punctuality, creativity, regular interaction, high degree of discipline and regularity in the classes from both teachers and student.
