## 1. Background

Chaitanya Multiple Campus (CMC) is a community based public campus. It is non-profit service oriented campus. It is located at the prime location of Banepa Valley, 25 km apart east from Kathmandu. It was established on 15th Mangshir 2048 B.S.(1st December 1991 A.D.) under the affiliation of Tribhuvan University (T.U.) as the one of the campus of this district with sincere effort of the academic personalities and social workers in Banepa. There is no constituent campus in the district. So when Campus was established, it has one of the main aim was

*“to extend the facility and easy excess in higher education at affordable cost for the student as well as to produce quality and efficient human resource to fulfill of demand of market in community and country.”*

After the people’s movement (Jana Andolan) for restoration of democracy in Nepal in 1990 and its effects in the field of education inspired the conscious people to establish a college to educate different faculties of higher education in Banepa. By 1990, it became difficult for Tribhuvan University (TU) to manage the increasing number of student in constituent campus and formed the policy of providing affiliation to Campus in public and private sectors. In this context, this campus has got affiliation and started PCL and Bachelor level classes in Chaitanya Secondary School.

This campus has been providing an opportunities of higher studies to geographically backward and remote area, economically backward as well as socially marginalized student of Kavre, Ramechhap, Sindhupalchowk, Sindhuli, Makabanpur and other districts. It has started M.Ed. (EPM, Maths, and English & Nepali) since 2062 Poush, as the first degree campus in Kavre district. It has more than twenty five years long history.

The major financial source of campus is based on the students’ fee apart from the regular grants of university grant commission (UGC) that started from establishment of campus. Although the campus has been develop its physical infrastructure. Due to the excess of the expenses and salary increment comparison self-generated source of income we are not able to improve the academic status as our expectation. So it has to reform in academic mechanism.

This annual report highlight on various aspect of campus like Academic progress including students’ enrolment trend, students pass out trend, graduate trend and etc, physical progress, financial progress including audit observation , social progress, issues and challenges and annual work plan and projected plan and budget as per the strategic plan.

## 2. Academic Progress

Academic quality is the first and foremost priority of educational institution. Institutional success is measured through its academic performance, quality and its progress. The academic status and progress is reflected in different aspect of campus like student enrolments, their pass out rate, graduation rate and etc.

#### 4. Financial Progresses

Sound financial position of an organization is most essential for sustainable development. It has been mobilize the financial resource from community, local government, students, UGC/Nepal from the establishment of the campus. In spite of this fact, the campus has challenges to maintaining financial status with the rapid growth of expenditures in salary and others. This fact can be seen in the last three years' income and expenditure statements.
